Re: Letter Of Recommendation

To Whom It May Concern:

It is my absolute pleasure to recommend Kevin McCarthy as a speaker for your organization.

As co-Training Director for the Rhode Island Chapter of Certified Fraud Examiners, I had the pleasure of working with Kevin who did a presentation entitled "The Blindspot Zone" at our quarterly training event in September of this year. His presentation was very informative, thought provoking, and relevant to both one's business and personal life. Kevin was able to engage the audience with great interaction through real life examples, audio visual, as well as some workshop style tools which made the event a success.

Please feel free to contact me at (401) 825-2954 should you like to discuss Kevin's qualifications and experience our organization had with him and I'd be happy to expand further on my recommendation..

Best Wishes.

A handwritten signature in blue ink that reads "Todd Graham". The signature is fluid and cursive, with the first name "Todd" being larger and more prominent than the last name "Graham".
